

Kid On The Rock Foundation

Sponsorship Policy

(Reviewed and adopted February 2019)

The Foundation wishes to see maximum use made of the facilities available to the Peria Christian Education Inc educational group through full rolls. The Foundation also recognises that some families may wish to enrol their children but financial situations may make this difficult. The Foundation wishes to support such families through providing financial support to the families to assist with attendance costs. Such support will take the form of sponsorship under the guidelines set within this policy.

1. Applications for sponsorship must be made in writing to the Principal or Preschool Manager, and be accompanied by a signed copy of this policy. Applicants should include sufficient detail to allow full consideration of the application. This should include the reason sponsorship is required, the term required (up to 12 months), costs to be covered and how much the parents can afford to contribute.
2. Sponsorships are to be provided on the recommendation of the Principal or Centre Manager, and the approval of Kid On The Rock Foundation.
3. Sponsorships are to be provided only on the basis of the financial need of the parent(s) of the recipient pupil/s. They are not to be provided for academic, artistic or sporting prowess.
4. Sponsorships are provided on an annual basis for a term of up to 1 year and must be re-applied for each year. Under exceptional circumstances sponsorships may be provided for a specified term longer than 1 year.
5. Sponsorships are provided subject to the availability of sponsorship funding and the following conditions. Sponsorship may be withdrawn if these conditions are breached:
 - the pupil's conformity to behavioral standards
6. The provision of sponsorship does not guarantee continuation of sponsorship in subsequent years.
7. Sponsorships will be funded from donations made for this purpose, or donations made for use at the Trustees discretion.
8. Applicant family and sponsored child details will be kept confidential at all times and only be made known to those receiving and considering the applications, and those dispensing funding. For endorsement and reporting purposes, names of sponsored children and families may be made known to the Foundation Council and the Association Proprietor Board.
9. As a condition of all sponsorships the parents of the proposed recipient must:
 - be notified of this policy
 - accept the terms and conditions of this policy
 - agree that the Foundation may, at it's discretion, make discreet background inquiries regarding details provided in any application.
 - agree that progress reports may be made to the Foundation and general details of sponsorship may be used for publicity purposes. (Personal details will be kept confidential)

I have read and accept the terms and conditions of this policy.
